

WHITAKER WRIGHT SUDDENLY EXPIRES

TRAGIC DEATH OF PROMOTER

HE MAY HAVE TAKEN POISON

ARRESTS MADE IN CHICAGO.

Mayor Harrison and Man- ager Davis Are Taken Into Custody.

Others Charged With Neg- ligence Are Arrested By the Police.

CHICAGO, January 26.—Hearing the eight mittim issued as the result of the inquiry into the Iroquois Theater disaster, Coroner Traeger and a number of detectives today left the City Hall with authority to arrest Mayor Carter Harrison, Manager Will J. Davis and six lesser city officials and the stage em- ployes who were ordered held to await action of the grand jury. The first per- sons taken into custody were William McMullen, operator of the floodlight from which the Iroquois fire is said to have started and James E. Cummings, stage carpenter at the Iroquois, under whose direction it is alleged the apparatus was constructed, which interfered with the descent of the asbestos curtain. The mittimus for Mayor Harrison was taken in charge by Coroner Traeger in person. The Coroner did not attempt to serve the mittimus at once on the city's chief magistrate. The Coroner said: "Mayor Harrison's mittimus will be served some time today. The Mayor is ill and will not be disturbed until neces- sary."

The Coroner ordered that as the other mittimus were served the prisoners should be taken to the Central Police station and held. The prisoners were to be taken be- fore a judge to furnish bonds.

MANAGER ARRESTED.

Will J. Davis was arrested in bed at his home. He was allowed to eat break- fast, meanwhile, his attorney argued and the party left for the business center. "Where are you going to take Mr. Davis?" asked his attorney.

"To the City Hall and then to the County Jail," responded the officer.

"You don't have to do that," said the attorney.

"You can take him to the Sheriff's office in the county building."

NO FAVORS.

"We have our orders," replied the of- ficer, "and can show favors to nobody. It is planned to bring all the accused to the City Hall and after they have been booked, take them to the county jail, where the question of bonds will be taken up."

Stage carpenter James E. Cummings was arrested at his home today.

MAYOR ARRESTED.

Some time after the arrest of Manager Davis, Mayor Harrison presented himself at Coroner Traeger's office. The Mayor was accompanied by his brother and cousin and by former Mayor Hempstead Washburne. The Coroner greeted the Mayor and party and the party went to the Judge Wright's court, where bonds of \$15,000 were furnished. The Mayor then left for his office in the City Hall.

Fire Marshal McMahon was served with a mittimus at his office. A similar course was pursued with City Building Commissioner Williams and City Build- ing Inspector Louglin. In custody of two detectives, Messrs. Musburn, Wil- liams and Louglin walked to the Criminal Court building and gave bonds to an- swer any action by the grand jury. The stage fireman, William Sellers, was the last of the accused to be taken into custody.

EIGHT BELOW AT OMAHA.

OMAHA, Neb., January 26.—The mercu- ry was eight degrees below today, the maximum for the past twenty-four hours, with slightly moderating tempera- tures predicted.

FIFTEEN WORKMEN ARE PLUNGED TO DEATH.

Air Brakes Failed to Work At Critical Time and Car Takes a Long Fall.

VICTOR, Col., January 26.—As a re- sult of an accident which occurred about 3 o'clock this morning at the Stratton Independence mine, located near the center of this city, fifteen men are dead and one other severely injured. The list of dead and injured is as follows:

DEAD.
W. R. FRAZIER.
C. C. STATEN.
JOHN S. BECK.
JOE SMITHERUM.
EDWARD TWIGGS.
L. A. WAGONER.
H. A. YERMAN.
EDWARD SMITH.
JOE OVERY.
H. F. BROWN.
W. B. COLLINS.
J. L. STEWARD.
FRANK COCHRANE.
L. P. JACKSON.
HARRY GOEGEN.

INJURED.
JAMES BULLBEK, body bruised
and scalp wounds.

MEN IN THE CAGE.

In the main shaft of the mine six- teen men were being hoisted in the cage from the sixth, seventh and eighth levels.

When the cage got to the surface in the shafthouse, the engineer, for some unexplainable reason, was unable to stop the engine and the car with its load of human freight was drawn up into the gallow's frame, where it was maintained temporarily. The strain on the cable caused it to break, releas- ing the car, which went down the shaft with terrific momentum. Two of the occupants of the car, however, had become entangled with the timber rods near the top of the gallow's frame and one of them, L. P. Jackson, was crushed to death by the sheave wheel falling upon him. The other, James Bullbek, had a marvelous escape from death, but received painful injuries. He was rescued from his perilous po- sition by men in the shafthouse.

FIFTEEN DEAD.

The shift boss and a number of min- ers later went down into the mine through another compartment of the shaft and found that all the fifteen men who started with the car on its wild flight of 1500 feet to the bottom of the shaft were dead; their bodies being scattered at stations at different points. Their arms and bodies were mangled, their heads crushed and their clothing stripped from their bodies.

From the 700-foot to the bottom the shaft is spattered with blood, with here and there pieces of flesh clinging to projections. At the bottom of the shaft stands twenty feet of water and into this the cage plunged. Some of the miners were carried with the cage into this sump.

ENGINEER SURRENDERS.

Frank Gillespie, the engineer in charge of the machinery when the ac- cident occurred, surrendered himself to the militia and was locked up in the bull pen. He would not express any opinion as to how the cage got beyond control. He is a newcomer in the district, but is said to have been strongly recommended as a competent engineer. Most of the victims of the accident were strangers in the district, having come from the Coeur d'Alene, the Superior mines and other districts.

WAR MAY NOT COME AT PRESENT

Japan Will Be Heavily Backed By Home Financiers.

Korea Does Not Want Japanese to Invade Her Territory.

PARIS, January 26.—The Korean le- gation, while not officially informed of the declaration of neutrality on the part of Korea, in the event of war between Russia and Japan, believes that such a declaration has been issued as it is on a line with information heretofore re- ceived. The Korean minister said: "By its proximity to Japan and Russia your country is under the obligation of maintaining good relations with both powers. Certainly we can only remain completely foreign to a conflict. Should war come the Korean government will use its troops to prevent an invasion by the Japanese on their way to Manchuria. We have men well equipped to enforce our neutrality. Moreover, we have 15,000,000 people from which reinforcements can be drawn. If Japan means to invade she must do so by sea."

"The general opinion prevails that war will not occur."

MINISTERS MEET.

TOKIO, January 26.—The Cabinet min- isters met for an extended period today. They discussed the financial program in the event of the commencement of hos- tilities. The Japanese financiers in gen- eral are offering very generous assistance and it is now fully evident that the gov- ernment will be able to secure an enor- mous sum of money at home without hav- ing to place dependence upon borrowing from abroad.

CHINA'S POSITION.

ST. PETERSBURG, January 26.—Referring to the report of the intention of China to remain neutral in case of war between Russia and Japan, the Viedomost says: "A direct declaration of war by China would be much preferable to dubious neutrality, compelling Russia to take the same precautions as in war times with- out permitting an invasion of Chinese territory."

"If war is declared," the Viedomost further asserts, "the question of Man- churia could be settled forever by its annexation as a conquered country."

MYSTERIOUS DEATH OF WHITAKER WRIGHT.

WHITAKER WRIGHT.

Dies Suddenly After Being Sentenced to Seven Years Penal Servitude.

LONDON, Jan. 26.—The trial of Whitaker Wright ended in a tragedy today. Within an hour of being found guilty and sentenced to seven years' penal servitude, the most severe sen- tence the law allows for the fraud of which he is convicted, the financier whose colossal dealings have created a sensation on both sides of the Atlantic, lay dead in the ante-room of the court.

MAY HAVE USED POISON.

Whether Wright's death was due to heart disease, following the excite- ment of the trial, as announced by the doctor, or by poison, as grimly hinted by his friends, is still undecided and possibly will not be ascertained until the Coroner's verdict.

LOOKED VERY PALE.

Standing with his hands in his pocket and looking very pale, but not so anxious as during the judge's severe summing up, Wright heard the judge's condemnation and sentence without apparent excitement. He quietly pro- tested his innocence in a firm voice, audible throughout the room, left the court in company with his solicitor and was arranging for the future of his wife and family when he suddenly fell and expired without another word.

STUNNED BY SENTENCE.

His solicitor, George Lewis Jr., who was with him at the time, said to a representative of the Associated Press: "Wright seemed to be stunned by the sentence, but he did not give the slightest indication either before or af- ter his sentence of any intention to take his own life."

"Of course," added Mr. Lewis, "no one can really tell the cause of death until the postmortem examination."

General opinion is today that while Wright fully deserved the verdict of guilty the judge's whole conduct of the case was most partial and that while none of his co-directors was punished, Wright alone had to bear the entire punishment.

Mrs. Wright, the widow is in Eng- land.

GUILTY ON ALL COUNTS.

LONDON, Jan. 26.—After twelve days' trial the jury in the King's bench division of the High Court of Justice today found Whitaker Wright guilty of fraud on all the counts and he was sentenced to seven years' penal servitude.

Mr. Wright was attacked with sud- den indisposition as he left the court and was attended by two doctors. His death was attributed to heart disease.

PASSING SENTENCE.

Justice Bingham in passing sentence said he could see nothing to excuse the crime of which Wright had been con- victed and he could not conceive of a worse case. He must therefore allot the most severe punishment the law permitted.

Wright, who had stood up to re- ceive his sentence, said in a firm voice: "SAYS HE IS INNOCENT."

"All I can say is that I am as inno- cent of any intention to deceive as anyone in this court."

Wright was then removed in cus- tody.

Wright's friends said all along that while he was hopeful of his acquittal, they were certain he would not sur- vive a sentence, and would commit suicide. This, apparently, is what happened.

Wright was removed from the court to a hospital as soon as he was taken ill, but he expired almost immediately.

JUDGE SUMS UP.

In summing up, Justice Bingham said he would ask the jury to find a general verdict of guilty or not guilty. If they were satisfied that Wright was guilty of one or more of the charges they must not be deterred from finding a verdict of guilty by the suggestion that such a verdict would cast a slur on the memory of Lord Dufferin and Loch. It would not do anything of the kind. Their conduct was consistent in their having honestly made mis- takes.

TERRIBLE ATROCITIES IN AFRICA.

Rebels Are Said to Have Burned the Germans Alive.

Chopped the Limbs of Dead After They Were Murdered.

LONDON, January 26.—A dispatch to the Central News from Cape Town says the bushmen, with the rebels in German Southwest Africa, are commit- ting terrible atrocities.

The limbs of the dead are chopped off and prisoners are said to have been burned alive.

SHOCKED BY NEWS.

BERLIN, January 26.—The news of the torturing to death of Germans in Southwest Africa received here today through British press dispatches, caused the most painful impression among the public.

The Colonial office was without con- firmation of the report, but the state- ments made are not discredited.

Director Stuebel of the Colonial Office asked the Reichstag Budget Committee today to defer consideration of the Colonial appropriations, as he was too busy preparing to send off troops to Southwest Africa to explain the estimates.

WILL SEND SOLDIERS.

A total of 2000 men are already about or preparing to embark. It is believed, in the light of today's intel- ligence, that this force is inadequate to adopt aggressive, crushing opera- tions over a wide territory dominated by 15,000 tribesmen.

BUYING OXEN.

The German transport officers are buying oxen for the punitive expedi- tions. The veteran societies are ask- ing for contributions for those who are fighting in Southwest Africa.

The Vossische Zeitung says Dr. Stuebel is about to resign.

EX-MAYOR J. L. DAVIE IS NOW A BUTCHER.

Ex-Mayor John L. Davie is now a butcher working behind a block in Becker's market on Washington street.

MRS. CLARK IS DYING.

NEW YORK, January 26.—Mrs. Charles W. Clark of San Mateo, California, daughter-in-law of Senator W. A. Clark of Montana, is dying in this city and her husband and relatives have been sum- moned by wire to the death bed. Mrs. Clark has been ill for some time, but of late had been improving rapidly and was considered out of danger. Last night, however, she suffered a relapse and to- day there is slight hope of her recovery. Mr. Clark, considering her entirely re- covered, left a short time ago for Jer- me, Ariz., but is now hastening back to New York. Senator Clark, who some time ago underwent an operation for a disease of the ear, has so far recovered that he is able to take short walks and drives.

NO HOPE FOR THE ENTOMBED MINERS

Brave Engineer Gives Up His Life Trying to Rescue His Comrades.

PITTSBURG, Pa., January 26.—The last hope for the lives of the 184 men entombed in the Harwick mine of the Allegheny Coal Company, two miles from Cheswick, Pennsylvania, was given up today, when George W. Scheetz, manager of the mine, admitted that he believed that not one of them would be brought up alive. Now the cry is for more men to come to the work of rescue. Volunteers are needed to work back through the debris to where the miners are imprisoned, and where pos- sibly some may have managed to sur- vive.

DEATH OF A HERO.

Already four men are known to be dead, among them Selwyn M. Taylor, of this city, who was the first of the rescue party to reach the bottom of the shaft. His body was brought to the top this morning. Taylor, who was one of the best known mining engineers in Western Pennsylvania, lost his life in an effort to save the lives of the entombed men. He had planned and plotted the mine and was carried by the Allegheny Coal Company as the men best fitted to lead the forlorn hope. He went down into the mine bravely and with him went four other men. One of them, George Harvath, was brought from the pit a short time before Taylor's lifeless body came to the surface. Another of the rescue party, Tom Wood, tried desperately to save his companions, but felt the dead- ly nausea coming on and was forced to leave them to their fate. Then others took up the work, two at a time. All night they went up and down in the temporarily rigged bucke. The main hoists were both blown out by the force of the explosion but there were no liv- ing ones to save.

VOLUNTEERS AT WORK.

Adolph Gonla, the only one of the miners in the pit when the explosion occurred to be brought to the surface alive, was rescued by Selwyn Taylor. But if there were no lives to save, there were dead to be found, and all night long the volunteer: toiled, gain- ing headway here and there until they were forced by exhaustion to quit their arduous toil.

A. T. Hatch of Cleveland, one of the principal owners, w had a number of other Cleveland men associated with him, arrived here today. Mr. Hatch said he could not talk about the terri- ble disaster until he learned the facts on the ground. He said he believed they had as safe a mine as any in which gas is found. They had taken every precaution known to mining engineering, but he said, "Something unforeseen fired the gas and the lives of the men were snuffed out."

URGENT APPEALS.

On reaching the mine, Mr. Hatch added to the urgent appeals for the aid of skilled men to penetrate the mine to rescue the living and to re- cover the dead bodies. That is, in- deed, the crying need of the hour. Doc- tors and oxygen are on the ground ready for the fanning to a flame of any feeble spark of life that may be found (Continued on Page 5.)

TWO BRAVE WOMEN FIGHT FLAMES

Mrs. E. L. Muller and Daughter Save Their Home.

Mrs. E. L. Muller of 962 Seventh avenue and her daughter, Miss Flor- ence Muller, framed themselves hero- ically last night by extinguishing a fire in their home which was started by the overturning of a coal oil stove. Both Mrs. Muller and her daughter were painfully burned about the hands.

The two women on discovering the fire first caused an alarm to be turned in and then set about to put the fire out. Bed clothing was used in smother-

ing the flames. Despite the fact they were painfully burned, the two lone women continued to fight the fire. By the time the department arrived they had the blaze under control.

Fire Warden McDonald complimented the two women for their bravery. It was due to their presence of mind and quickness of action, he said, that their home was saved.

The amount of damage done to the home was nominal.

MURDERED HIS WIFE IN HILLS.

Husband Then Took Poison and Shot Himself.

PENDLETON, Ore., January 26.—The bodies of Mr. and Mrs. John T. Brown of Rembeck, Ind., were found in the hills south of town today. Mrs. Brown had been shot in the breast and the bullet failing to take effect, her throat had been cut from ear to ear with a razor. Brown had shot himself in the head and to make death certain had swallowed poison.

The couple came here some time ago from Iowa. On failing to arouse them this morning, Mr. and Mrs. E. L. Smith, with whom the couple had been stopping for two weeks, entered their room and found a note saying that both were dead of life and had agreed to die together. The note left no directions as to where the bodies would be found, and following the instructions the Sheriff succeeded in lo- cating the scene of the tragedy.

GRAND JURY IN SESSION.

XAVIER FORGERY CASE IS BEING INVESTIGATED BY THE CENSORS.

The Grand Jury met for a short session this morning and continued the investigation of the alleged forgery of names to the Xavier petition for a liquor license at Elmhurst. When his position came up for consideration before the Board of Supervisors it was discovered that some of the names attached to the petition were the names of people unable to write. There were other discrepancies and the matter was brought to the attention of the Grand Jury.

J. M. Lainez, of San Leandro, was called and acknowledged to having signed the names of two or three people on the petition, but said that he had only signed such names as he had been authorized to sign by the people themselves. He said that he went around with Xavier, having known him for many years, for the purpose of helping him to get signatures. But that there was anything wrong with the signatures they had obtained, Xavier, himself, he said, was unable to read or write.

Marcel Lane, of Emeryville, was also called before the Grand Jury for the purpose of telling the Grand Jury what he knows about the operation of the nickel-in-the-slot machines in his bailiwick. He told the jurors that there were about twenty-two slot machines in Emeryville, and that they averaged about two machines each. He was given notice to appear in court on Tuesday at 10 o'clock for the purpose of testifying as to the status of the State law and to the prosecution for the same.

CONSTABLE IS CITED.

An action was begun by C. Gargano this morning against Constable Hubert Thompson to have him removed from office on the ground that he is withholding \$130 rightfully belonging to him.

The trouble is over the matter of the attachment of some cows at Loring. One Vladimir Lida had the cows of H. T. Brown attached. Three of the cows were claimed by Mrs. Brown and her husband, and she demanded to be indemnified against damage for holding them. C. Gargano, a friend of Lida, put up \$150 with Thompson for Lida. Lida won his suit and got judgment, and then went to draw down the \$150, less the costs, but so far has been unable to do so.

Upon the representation of his attorney J. H. Boyer, Judge Hall this morning issued a citation ordering Thompson to appear in court Thursday and show cause why judgment should not be rendered against him.

Lida also asks for information against the malfeasance of an officer.

MRS. WARREN IS DEAD.

Mrs. Abbie M. Warren, widow of the late Dr. O. P. Warren, died today at the age of 84 years at her late residence in East Oakland. She had resided in this city for 34 years and was one of the best known residents in the portion of the city. She leaves a grandson, William E. Hogg, who resides in this city and three sisters in San Francisco. The funeral will be held Thursday afternoon from her late residence.

PRINCIPALS TO MEET.

There will be a meeting of the principals of the grammar and primary schools in the City Hall on Thursday afternoon at 2:30 p. m. for the purpose of discussing rules and regulations and other questions intended for the betterment of the schools.

MRS. MARY CANNING PASSES AWAY.

THE LATE MRS. MARY CANNING.

Mrs. Mary Canning, widow of the late James Canning, passed away at her home on Twenty-sixth street, near Telegraph avenue, at 6 o'clock last evening. She had been an invalid for the past two years. Recently her condition became worse and it was discovered that she was suffering from an attack of appendicitis. Last Tuesday her condition became more alarming and her physician was summoned. She could not rally, however, and she died last night.

Mrs. Canning, who is one of the best known and oldest pioneers of this city, came here with her husband in 1861. Mr. Canning died about twelve years ago, leaving his widow very wealthy. Having no children, Mrs. Canning devoted her life to charitable work. She built St. Francis de Sales Church ten years ago at a cost of \$142,000, and recently contributed \$15,000 to be used in frescoing the interior of the church.

W. J. Yore, a nephew of the deceased, managed her estate until an estrangement came about shortly before the sale of the Canning property, located at Thirtieth and Broadway to Henry A. Butters, a few weeks ago. Mr. Yore was then displaced.

The only heirs to the estate are Mr. Yore and his sister, Mrs. Nellie Davitt, wife of Michael Davitt, the Irish patriot, whose home is in Dalkey, Ireland.

It is not known what disposition Mrs. Canning had made of her property, but it is thought that a large portion of it has been left to charitable institutions and in a special manner to Providence Hospital at the corner of Twenty-sixth and Broadway, which is soon to open.

The funeral will be held from St. Francis de Sales Church at 10 o'clock next Thursday morning. Rev. Father McSweeney will conduct the services. The remains will be interred in St. Mary's Cemetery.

NO HOPE FOR THE ENTOMBED MINERS.

(Continued From Page 1.)

In any of the bodies. But they are almost hopeless. They say the death of Mr. Taylor, who was overcome before he reached the main body of men, proves that it will be almost impossible for the imprisoned men to keep alive. Some of the older miners say there is only one chance in a thousand that there is life in the mine, beyond that in the rescuing parties.

MEN EXHAUSTED.

Up to 10 o'clock no further attempt had been made to enter the mine, and no bodies have been recovered since that of

Taylor was brought up last night. There were this morning only a dozen experienced men who might do relief work, and they were exhausted.

IN THE HOSPITAL.

In the temporary hospital which has been made of the school house nearby, are two men, Adolph Gonia, the only miner of those caught in the explosion who has been rescued. His face and the upper part of his body are badly burned. Gonia says that at the time of the explosion he was between the sixth and seventh headings on the south slope and managed to get to the bottom of the shaft. He did not know the fate of the others.

A committee from the United Mine Workers is at the mine to represent the organization.

After a survey of the ground and the conditions following the explosion the committee agreed that there was little hope for the men in the mine.

AID FOR FAMILIES.

If it is once settled beyond doubt that all the men in the mine are dead, the work of ventilating the shaft can proceed more rapidly, but that is the trouble and has been since the work of rescue began. To work the fan in a way to quickly clear the mine of the foul air would drive the afterdamp in onto the men who may have found a temporary refuge and it would mean almost instant death to them. The only hopeful persons about the mine are the women and children, and they will never be convinced that their husbands or their fathers have perished until the corpses are brought from the opening. Their hopefulness is sublime, but it is none the less pathetic, and doomed, it is feared to direct disappointment.

Contributors to aid the families of the entombed miners are already coming in. There are more than 100 widows and probably 400 or 500 orphans, who have been living on the scanty wages of the average coal miner.

The coroner's jury was brought to the scene this morning.

AN AWFUL SCENE.

At 9:30 p. m. Mike McGuilke, one of the leaders of the rescuers, came up from the shaft and said it would be late tonight before they would be able to get out any of the bodies.

"We have seen at the bottom of the shaft," said he, "a pile of legs and arms and trunks that resemble anything but the remains of human beings. It is the most gruesome sight I ever witnessed."

"When do you expect to reach the place where the most of the men are?" he was asked.

"There is no such place," replied he. "They are scattered all over the mine, some of them, poor fellows, in fragments."

"You can have but a faint conception of the awful force of this explosion. It tore men to pieces."

EDITOR OWEN'S VISIT.

Clifford J. Owen, editor and general manager of the Portland Telegram, was visiting friends in Oakland today. Mr. Owen was bred in San Jose, receiving his newspaper training under his father, J. J. Owen, a pioneer newspaper man and for many years editor of the San Jose Mercury. Mr. Owen is making a phenomenal success of the Telegram, which has greatly improved under his management.

BOARD OF EDUCATION.

The Board of Education will hold an adjourned meeting tonight to consider the question of calling a bond election.

MYSTERIOUS DEATH OF WHITAKER WRIGHT.

(Continued From Page 1.)

Bigham described as singular the way in which thousands of pounds of sterling became millions on paper, so far as the Lakeview shares were concerned.

The London and Globe and Standard were gambling concerns which excited his indignation. In the course of his long experience, Justin Bigham said he had never before heard of anything like the transactions which preceded the hopeless bankruptcy of the London and Globe Financial Corporation. Justice Bigham concluded his reference to Wright's career by recommending to the position which the defendant claimed to have occurred in New York and Philadelphia and said Wright had built up a fine position for himself in two or three years and if it was necessary to secure a motive for his actions it would be found in his desire to maintain this position.

At the same time it was said that after the crash of the London and Globe Financial Corporation he found himself with \$1,500,000 to \$2,000,000 in worthless securities.

LEAVES THE COURT.

The sentence was followed by a commotion in a distant part of the court and the faint cry of a woman in distress was heard. One man shook hands with Wright as the latter left the court by the private exit, accompanied by his counsel. Almost immediately afterwards Wright was taken suddenly ill and collapsed in the anteroom of the court. He grew rapidly worse and in less than an hour after his sentence the financier was dead.

The tragic end of the case created a tremendous sensation.

WRIGHT STRUCKEN.

According to a court attendant who was in the anteroom when Wright was stricken, the latter was talking to Solicitor Lewis about his family and giving instructions regarding their future, while jailers were waiting outside to take him to Brixton Prison, when Wright suddenly stumbled and fell forward. Mr. Lewis and the court attendant caught him and put him in a chair, placing his foot on another chair.

They then summoned a doctor. Wright almost immediately became unconscious and never spoke again. The doctor, when he arrived, said nothing could be done and by 3:55 p. m. the financier was dead. His body was covered with a sheet and laid on the floor. It will remain there during the night and until the coroner and legal authorities decide on its disposition.

GROFF DENIES STATEMENT.

HE MAKES CHARGES AGAINST THE UNITED STATES POSTAL INSPECTORS.

WASHINGTON, Jan. 26.—The question of the admissibility of D. B. Groff's declaration denying an transactions with the Lorenzas occupied much time at the postal trial today.

With the view of showing that the declaration was obtained under force Mr. Groff took the stand and said that the manner of the inspectors, when they called, was overbearing, gruff and bull-dozing. On cross-examination Mr. Groff denied that he was well enough to transact other business that day. He suffered from insomnia. He was shown the declaration which he signed and said it was read to him and he did not understand one word of it. He said that when the inspectors came to him they handed him another statement and said:

"We want to arrest two men and if you will give us the information that will convict them we will return and give you \$13,000 and let you ride in the Government paid wagon and we will ride with flying colors."

William Thomas, a business man of this city, testified that Mr. Groff was distinctly sick when the inspectors demanded the statement. Witness said the manner of the inspectors was threatening, and they came in as though they owned the house.

The declaration was finally admitted in evidence against D. B. Groff, the Court instructing the jury that they are not to consider the declaration against the other defendants. The jury will pass on the question as to whether the declaration was a voluntary one.

The declaration was read to the jury, the main feature of it being the statement, heretofore mentioned, that only D. B. Groff and Samuel A. Groff had any interest in the fastener.

MITCHELL RE-ELECTED.

INDIANAPOLIS, Ind., January 26.—President John Mitchell, Vice President Lewis and Secretary-Treasurer Wilson, of the United Mine Workers, have been re-elected without opposition, according to the vote of the convention, announced today. The full vote of the organization was not cast. Mr. Mitchell received 22,633 votes, Lewis

the corpse retains its normal appearance, the face being little changed. Wright ate a fairly good lunch during the midday recess and said nothing about feeling ill. None of his relatives had thus far arrived.

Curious crowds are thronging the court rooms.

MILLIONS WERE LOST.

LONDON, January 26.—Whitaker Wright was arrested in New York March 16, 1903. A warrant for his arrest had been issued in London five days previously but Wright had already left for the United States. He was accused of absconding with funds of the London and Globe Finance corporation, but which the stockholders lost more than \$11,000,000. The ostensible purpose of the London and Globe Company was to facilitate investments by the shareholders in various enterprises, ranging from mines, developed and undeveloped to street railways and waterworks.

LIVED IN AMERICA.

Whitaker Wright formerly was a broker in Philadelphia and in New York. Wright was one of the biggest investors on the Exchange. He also plunged heavily in West Australian mines. After making more than \$15,000,000 out of them, he "went broke." Then he went to London, where he floated the London and Globe.

FINANCIAL CRASH.

The financial crash of the companies floated by Wright came in December, 1900. There were 11 of these, including the parent company, entitled the London and Globe Finance Corporation, with a total capitalization of \$60,670,000. Wright was managing director.

HIS VICTIMS.

One of the victims of the crash was the late Marquis of Dufferin and Ava, formerly Governor General of Canada, and later made Ambassador to Paris. He consented to be chairman of the London and Globe and had 25,000 shares in the different companies. With Lord Dufferin on the Board of Directors were Lieutenant General Gough-Calthorpe, who was Colonel of the Fifth Dragoons Guards, and Lord Edward William Pelham-Clinton, Master of Queen Victoria's household, son of the fifth Duke of Newcastle. When the crash came Lord Dufferin was severely censured for his connection with the Wright companies, but in a frank speech to the stockholders of the London and Globe he declared his position and won the sympathy of his countrymen.

AMERICAN MONEY LOST.

Much American money was lost in the failure of the Wright companies. There was a great outcry against the attitude of the authorities in not prosecuting Wright and his fellow directors, and a petition was circulated on the London Stock Exchange, signed by many influential men, demanding the prosecution of Wright.

Few millionaires lived in as princely style as Whitaker Wright.

IS \$1310 AND WILSON \$1,975.

The report of the state committee was adopted. Indianapolis was selected as the place of meeting of the next convention. A committee was appointed to draft a memorial in honor of the Harwick victims and adjournment was taken until tomorrow afternoon.

The mine workers had authorized the levying of 15 cents a month in addition to the present 10 cents per capita tax for the support of strikes. This increase will go into effect at once and on a basis of a membership of 290,000 in good standing should bring into the national treasury approximately \$70,000 a month.

MOVING SOUTHEAST.

KANSAS CITY, January 26.—The cold wave that prevails in this part of the southwest yesterday is moving southeast. At Springfield, Mo., the temperature this morning registered six degrees below zero, a fall of 36 degrees in the past 24 hours, while at Kansas City it was three degrees colder than yesterday, the government thermometer registering eight degrees below at 9 o'clock.

COLDEST IN THREE YEARS.

TOPEKA, Kan., January 26.—The coldest weather for three years in this section of Kansas was that of last night and today. The lowest spot touched by the government thermometer was ten degrees below at 9 o'clock this morning. Following that the wind shifted to the southwest and with a clear sky and sunshine the temperature is rapidly moderating.

IS FOUND GUILTY.

YREKA, Cal., January 26.—The trial of Carlo Giorgio for the alleged murder of Jackimo Bona at Caesar Mazzini's saloon on November 1 last, near McClellan, has been concluded. The jury after being out six hours returned a verdict of guilty of murder in the second degree with a recommendation to the extreme mercy of the court.

NOT YET TOO LATE CLOSING-OUT SALE OF THE HAUSCHILDT-POTTER PIANO STOCK.

THE HIGHEST CLASS NEW PIANOS, ALSO SOME PIANO-PLAYERS AND ORGANS BEING CLOSED OUT AT FACTORY COST BY S. A. POTTER, SURVIVING PARTNER. PRICES AND PARTICULARS: EASY TERMS OF PAYMENT FOR THOSE NOT WISHING TO PAY ALL CASH.

In winding up the affairs of the Hauschildt-Potter Company, I am anxious to dispose of every one of the remaining fine pianos without further loss of time and expense. It is not a question of making a retail profit now, but I must convert these pianos and organs into cash or interest-bearing paper, and I must do this without delay. I offer, therefore:

The largest walnut or mahogany case Wheeler upright pianos, brand new and guaranteed, and which pianos have not been sold heretofore for less than \$250 or \$300, take them now for \$175.00 and \$125.00.

Brand new Hoffman uprights in mahogany cases that sell ordinarily for \$300 to \$350, go now for \$182.

The finestest Newman Bros. Co. uprights, retail values \$400 and \$450, go now for \$182 and \$196.

In the stock there are two very fancy upright pianos and one in latest Colonial design on which the factory cost slightly exceeds \$300.

On these, terms of payment will be \$30 down and \$12 a month.

All other instruments may be had for as little as \$10 down and \$5 or \$6 a month.

Do not miss this sale if the saving of money is an object. Our loss is your gain.

A number of the latest piano players, such as are sold for \$250 by dealers, will be closed out at \$145, including \$10 worth of music with each one. Regular five years' written guarantee will accompany each instrument sold, fully countersigned by S. A. Potter, surviving partner, thus making these instruments as safe as government bonds, and if you have any possible use for a piano, come to us; but do not delay, for within ten days these instruments will all be sold and there will be no more.

A number of used pianos of odd makes will also be included, at less than one-half their regular retail value, on terms of payment of \$4 or \$5 per month.

This sale is being held at the former salesrooms of the Hauschildt-Potter Company.

ON PERSONAL LIBERTY.

Editor McChesney of the Sacramento Bee, who has recently returned from New York is printing a series of readable sketches of his observations in the East. Regarding the recent election in the metropolis, he says:

"McClellan was elected Mayor of New York, not as a protest against reform, but as a protest against the Sabbath. It was not that Manhattanville had grown tired of being good, but it was too long a time between Saturday night and Monday morning. And the protestants and necessaries voters for McClellan, for Liberty and for Beer, were not so much the undesirable elements, but just as well the very best class of citizens from all parts of the metropolis."

This is a sound view. Reform movements in municipal politics are too prone to render themselves obnoxious by over-much meddling with private morals and with concerns outside the domain of legitimate official activity. The passion for regulation supersedes the functions of government. It invades every avenue of business and recreation, and engenders a nagging spirit that is far more irritating than the evils that infect the public service. Any administration that becomes filled with the idea that it is its duty to wipe the public's nose and send it to bed early is doomed.

In New York, as in most large cities, beer is the drink of the common people, and Sunday is the day when they can enjoy it with their leisure. It is useless to say they shall not have it because it is not good for their souls or their bodies, for they are not asking either medical or spiritual advice on the subject, and prefer to judge for themselves. To be deprived of their Sunday beer they regarded as an infringement on their liberties, and a discrimination in favor of the rich. The wealthy could get what they wanted in the shape of intoxicants at the hotels and clubs, and in their own houses, but ordinary folk do not belong to clubs or patronize hotels, nor are they able to keep a store of liquors in their houses. Hence the Sunday closing in New York operated against the middle and working classes, and visitors to the city. It was a practical discrimination that was resented by a large majority of the inhabitants. In effect it was an attempt on the part of the minority to impose regulations that restrained only the poor and people of moderate means, and was so regarded. It was therefore voted out.

The defeat of the Low administration was the natural result of a minority attempting to rule the majority against its will in a matter more of personal than public concern. It was but another illustration of the fact that appetites are not to be governed by statutes and ordinances, and that legal restraints which bear unequally on communities will not be borne.

Several sure cures for cancer, hitherto deemed incurable, are now announced. One doctor says radium, another says liquid air, a third says anti-toxin serum, and Dr. Dowie says prayer. Between them all the cancer seems to have no chance, but it appears to be holding its own with remarkable tenacity.

If Herman Whitaker, the novelist, desires the privilege of breaking a city ordinance with impunity he should ride a bicycle on the sidewalk, not carry a pistol for protection against footpads.

A SILLY SUGGESTION.

The attempt of Admiral Taylor to have the naval training station on Yerba Buena abandoned and the school packed off bag and baggage to San Diego can only be explained on the theory that the Admiral is feeling the usual twinges of jealousy that are engendered when the army and navy come in immediate contact. The gallant admiral makes it plain that he is aggrieved that the War Department has not handed the island over to the exclusive control of the navy. A sailor can't abide the sight of a soldier, much less divide dominion with him. But Admiral Taylor's recommendation is hardly worthy of serious consideration. San Diego is altogether too isolated, too far removed from the center of population to be satisfactory as a location for the naval training station. It would, besides, cost a large sum to move the station and construct new buildings. Even were it advisable to move the station from Yerba Buena, it should be located at some point on San Francisco bay, which is the maritime center of the Pacific Coast and the seat of the chief naval yard of the Pacific. But as Admiral Taylor gives no good reason why the station should be moved and makes no pretense of giving one for locating it at San Diego, his recommendation is not likely to be given more than perfunctory consideration. Senator Perkins and the Congressmen from the First, Second, Third, Fourth, Fifth and Sixth districts will fight the proposition, and their combined antagonism alone will kill it. The habit the army and navy officers have of making faces at each other does not call for Congressional interference.

FUN FOR DEMOCRATS.

The Stockton Mail is inclined to be facetious over THE TRIBUNE'S assertion that the persistent demand made by Colombia that our government submit its attitude toward the republic of Panama to arbitration is impudent and insulting. It thinks insulting the President and Government of the United States funny.

It says: "Possibly the sending to Bogota of a marked copy of THE TRIBUNE containing the exposure of the grievous insult would make the Colombians apologize. It might make them laugh."

These are very words. But we do not mind. Having made the editor of the Mail laugh, we do not care what the Colombians do. Most of them are like Democrats, anyhow—unable to read—and they would probably mistake the use of a newspaper—that is, if they have not made some advance in the scale of civilization.

Our Stockton contemporary, still proceeding in facetious humor, the Mail further says:

"It is not true that the only question of fact between our government and Colombia is as to whether our government promoted and participated in the Panama rebellion. President Roosevelt has emphatically declared that there was no such participation by our representatives, and the Mail is inclined to believe him. But the President has not denied—indeed, he has openly declared—that the United States became an accessory after the fact when it refused to allow Colombia to make any effort to assert her sovereignty over the Isthmus."

The Mail thus brushes away the very groundwork and basis of Colombia's contention. That mestizo government insisted that the United States prompted and fomented the secession of Panama and was, therefore, responsible for it. This was precisely what the Colombians wanted to have submitted to the Hague Tribunal. The President has clearly demonstrated that our government did not prompt the secession and declined to give the seceders any assurances in advance of what action it would take in case the contemplated secession did take place.

The United States has taken no part of the seceded territory. So much for the apple and the boy mis-illustration.

By the treaty of 1846 the United States became obliged to keep open the highway across the Isthmus of Panama and to maintain the security of the commerce and travel passing over it. This commercial highway is the crux of the contention, the key to the whole situation. It is what the Colombians are after, and what caused the people of Panama to secede. It was the notice given by our government that it would allow no fighting and pillaging along this highway which impels the Stockton Mail and other Colombians to charge that the United States are refusing to allow Colombia to reconquer the seceded province.

We have recognized Panama as an independent power, and as such have entered into a treaty with her to purchase the right to construct a canal across the Isthmus. Colombia desires to sell us the same privilege for three times the price Panama demands. Her patriotic conductors in the Democratic party demand that the United States step aside in violation of treaty obligations and let Colombia plunge Panama into a protracted and barbarous war of conquest having for its object bleeding Uncle Sam to the tune of twenty or thirty millions more for the canal concession.

If this makes the Mail editor laugh, let him mark it and pass it on to his friends, the Colombians, with instructions as to use.

The news that Alaska will solidly support William Randolph Hearst for President is enough to give his enemies cold shivers.

The convention of old maids that denounced Apostle Smoot for favoring much-marrying and then denounced the bachelors for not marrying was a trifle inconsistent. But perhaps its members believe marriage should only be indulged in to a moderate extent.

Apparently the Administration still harbors the suspicion that there's something the matter with Hanna.

Senator Burton appears to be as rank as the Kansas wheat crop.

Senator Burton, of Kansas, who has been indicted for bribery on nine counts by a Federal Grand Jury, has been flirting with the Perry Heath crowd of malcontents against Roosevelt. It may be remarked that all the fellows who have been caught grafting are opposed to the President. They regard him as an "unsafe man" to nominate. So he is—for grafters.

"Vermont Democrats are for Olney," says a contemporary. This may be news, but it is not important. Vermont Democrats are like the Dodo—only interesting because of their rarity.

The announcement that the devil is dead is immaterial beside the fact that the devil is still to pay—or his executors.

THE GARBAGE ORDINANCE.

The Council did wisely in passing the garbage ordinance. THE TRIBUNE is convinced that the citizens of Oakland generally have reason to congratulate themselves on a satisfactory settlement of a perplexing and irritating problem. In saying this we are not unmindful that a considerable number of people honestly believe the ordinance to be injurious for one reason or another, but we are convinced they are mistaken and will in a brief time come to recognize that they were protesting against a salutary piece of legislation. The fears that the crematorium will prove a nuisance to the neighborhood in which it is located will disappear, and the working of the ordinance will prove its beneficial character. Actual demonstration will thus dissipate the apprehensions which now exist and which have impelled a considerable body of citizens to resist the passage of the ordinance.

The Council is to be commended for the courageous performance of a disagreeable duty. Thorough investigation had convinced the members that the ordinance was a necessary and salutary one, but it is none the less disagreeable to run counter to the wishes of citizens who are honestly though mistakenly imbued with the belief that they are not being fairly treated. Time will vindicate the Council, however, and the feeling of resentment now rife in certain parts of the city will wear off, because the prejudice against the crematorium will prove to be founded on misapprehension. A fair test of the incineration ordinance will be its vindication.

Mayor Schmitz' excuse for kicking the whole civil service system out of doors is that his predecessor committed the same violations of the civil service law. This excuse is an equally valid excuse for every crime in the calendar. A precedent has always been established for the man who desires to go crooked.

Napa has voted bonds for public improvements as follows: To purchase land for a park, \$12,000; to improve the park, \$3,000; to improve other public lands, \$10,000; to construct stone bridges \$14,000; to purchase a steam fire engine, \$5,000; a total of \$35,000. This is a hint for Oakland.

PROCRASTINATION.

When high ambition fires the human heart

To act on the world's stage a noble part,

And youth and hope in unison are combined

To implant good resolutions in the mind—

Then the day of life is in its morning.

But while we're still on brave deeds pondering—

By the wayside loitering, wandering,

And in dawdling idleness speculate

What fame shall be ours when we gain estate—

The day has swiftly reached its noon—

While yet the feats of renown are undone,

And the heights we vowed to climb still unwon—

While we are yet hoping, fondly dreaming

Things forever past were only seeming—

Lo! The day has come to its evening.

It is then some memento, some token

Of early love or friendship unbroken—

Some memory of diligent striving,

Or tender association reviving—

Is compensation for life's wasting.

So it has ever been since mankind's birth

On this revolving ball we call the earth;

From Eden's garden in the beginning

Man has been erring, straying and sinning—

Never the hopes of his youth fulfilling.

Miss Rose Hennessy, well known as a portess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—For years I enjoyed the best of health and thought that I would always do so. I attended parties and received many compliments, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well.

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss Rose Nora Hennessy, 410 S. Broadway, Lexington, Ky. (Enclosed is original of above letter proving genuineness of cure.)

THE ROMAN WAY.

Having such sadness then we turned aside

From the straight road and Roman Way

That goes

Too directly upward, on what breathless

less shows

Its measured lines austere and staid:

"Captains to stern this granite road!" we

cried.

And "For whose right in militant array

Are let the sons of men the Roman

Way?"

But the slow avalanche alone replied.

And so we turned aside, and day by day

Men passed us with set faces to the

road.

And crying, "The Eternal City!" went

their way.

While in the pleasant valley we abode,

With all its dewy herbage and the cool

Running of water brooks with silken feet.

Then in the main of it we were glad

Of that resolve which took us from the

road.

Seeing how softly had adieu each day

And in what gentleness the moon was

Then ashen age came on us, sudden, sad,

Stealthily and slow and passed and

The onward faces of swift journeying

men.

Keen with the life of some large illad.

Now—for our heads are stricken, our

As flowers sudden in the winter rain—

We, who alive are dead—and whether far

Beyond the snows are blissful birth of

Or Rome, or Caesar, we know not—we

say.

There is one way of life, the Roman Way.

HEARST'S ENEMIES MADE A BLUNDER.

THE EDITOR'S BOOM IS CAUSING THEM A DEAL OF APPREHENSION.

Everybody laughed at Hearst's pretensions to the Democratic nomination six months ago, but his enemies are not so hilarious just now. Hearst is making himself felt. Probably nothing he has done, however, has strengthened him so much as the act of his enemies in the National Democratic Committee, in charging the place of meeting of the National Democratic Convention from Chicago to St. Louis.

Nothing more stupid as a political blunder could have been conceived than the turning down of Chicago by Hearst's enemies on the Committee at the eleventh hour, on the ground that they feared Hearst's newspaper influence over the masses at Chicago. It gave an impetus to the Hearst boom nothing else could have done.

Hearst's advisers have been shrewd enough not only to play up this confession of the fear of Hearst for all it is worth, but they have made a still shrewder move—Hearst's new paper will be launched in a few weeks, not in Boston, as was projected, but in St. Louis.

Now, what will the National Democratic Committee do? It switched from its intention to make Chicago the Convention City because Arthur Pue Gorman feared the influence of Hearst's paper there. It has chosen St. Louis.

And a Hearst paper will be there months before the Convention opens, not only with bells, but with a yellow flag, a brass band, a steam calliope, and all the other adjuncts and paraphernalia of Hearst's journalism.

Will the National Democratic Committee change the Convention City once more, and thus confess its fear?

If it does, Hearst will undoubtedly be able to fold his newspaper tent, like the Arab, and plant his standard in advance of the convention, wherever it flees.—Sacramento Bee.

WILL GIVE A MUSICAL.

Mrs. Percy Clay Black will be hostess at a musicale to be given in honor of her sister, Miss Annette King of San Francisco, who is the guest of Mrs. Black this week.

The guest list is limited to forty and the affair promises to be delightfully informal.

Among the well-known singers and musicians who will participate in the musicale are: Mrs. Walter Gannon, Mrs. Willis Collins, Reginald Keene, Wilfred Glen, Ray Harna, Milton Schwartz and George King.

COLUMBINE WHIST CLUB.

Miss Grace Kidwell was hostess at the last meeting of the Columbine Whist Club and a very enjoyable game of whist was the order of the evening.

Miss Ella Moffitt and Mr. Holden carried off the prizes. The guests included: Miss Florence McDonald, Miss Mabel Jacobs, Miss Fessie Hearn, Miss Lillian Conely, Miss Gertrude Brady, Lee Gilbert, Leonard Clark, Mr. Moffitt, Jack Davidson, Edward Holden, Frank Euzzone, Norman Kidwell, Charles Berger, Albert and A. B. Moffitt.

HILL CLUB

Mrs. George Cope was hostess at the last enjoyable gathering of the Hill Club, and a unique program was presented. A clever little sketch by Margaret Cameron Smith, entitled "The Burglar," was splendidly enacted by Miss Frances Irish, Mrs. F. A. Hackett, Miss Vera Jones, Miss James F. Higgins and Miss George Cope. An improvised stage was elaborately decorated with huckleberry, foliage and autumn leaves, forming a splendid setting for the play.

Mrs. Cope's guests were: Mrs. D. A. Spencer, Mrs. F. J. Taylor, Mrs. E. D. Flint, Mrs. E. J. Seagriff, Mrs. M. C. Chubb, Mrs. E. C. Cook, Mrs. W. L. O. Badgley, Mrs. S. B. Houghton, Mrs. J. QUIT COFFEE

Said the German Specialist.

It disappoints some people to be told that coffee causes the disease. But it is best to look squarely at facts and set the face towards health for that more fun than anything else anyhow. A Cincinnati man consulted a Berlin physician on nervous diseases and said:

"Four years ago I was a habitual coffee drinker having used it for 25 years. I was being naturally of a nervous temperament. I became at last a nervous wreck, greatly suffering from insomnia, almost constantly constipated and weighing only 125 pounds.

"I consulted physicians and took medicine all the time but had no relief. About three hours and a half ago I went abroad and while in Berlin heard frequently of a great physician, Professor Mendel, an authority on nervous trouble, so I resolved to consult him.

"Professor Mendel surprised me very much by asking at once if I was a coffee drinker and on my telling him that I was he said: 'Three times a day he said, 'It is poison. After carefully examining me he told me there was nothing the matter with me whatever but what could be entirely cured in thirty days by letting coffee and other stimulants alone and doing nothing.

"I did not know what to do until I came home and told my wife who got some Postum. We tried it but at first did not like it; then we went over the directions together and found we had not boiled it long enough. That was the beginning and end of my trouble for the Postum was delicious after that and I drank it regularly and it helped from the start.

"In a very short time I began to feel much better and in the last three years I haven't been absent from business one hour on account of ill health or my health is fine now. I have a good appetite, sleep well and weigh 175 pounds." Name given by Postum Co., Battle Creek, Mich.

Any nervous person who drinks coffee will feel better from an evening's use of Postum in place of coffee. Trial easily proves this. There's a reason.

TO BUSINESS.

SAN FRANCISCO, January 26.—W. J. Pattosien, a prominent furniture dealer of this city, who was seriously injured a few weeks ago by being thrown from his buggy, near his home at San Mateo, is slowly but surely recovering. Mr. Pattosien sustained a fractured skull, three broken ribs and internal injuries. The doctors report that it will be several weeks before he will be able to attend to his business affairs.

CAN DESIGNATE THE KIND OF
RAILS TO BE LAID IN
THE CITY.

The City Attorney's report was made relative to the application of the Oakland Transit Consolidated for a franchise to run its cars from Twelfth street and First avenue, by Fourth avenue to Newton avenue. The charter provides that such rails shall be laid down as are the most approved flat iron patterns for street railways operated by horses, mules, cables or other motors than steam.

TELEPHONE WIRES.

In the matter of regulating the laying of telephone wires underground, City Attorney McElroy also reported that the Council, by virtue of the police authority vested in it, would have that power to regulate the wires.

WILL CELEBRATE MUSTERING IN.

Preparations are complete for the celebration of the mustering in of Uniformal Company No. 87 of the Knights of Pythias this evening at San Leandro. Following the ceremonies there will be a banquet and general congratulatory speeches made by prominent members of the organization. Brigadier-General McGlashan and staff from San Francisco will be present and have charge of the mustering in ceremonies. While the organization has been represented in San Leandro by a lodge this will be the first company of the Uniformal rank.

The officers of the company are: Captain, Charles Lloyd; first lieutenant, J. E. De Mont; second lieutenant, M. A. Silva; right guide, R. B. Myers; left guide, G. Schindler; recorder, J. W. Buton; treasurer, J. M. Olympia. There are about forty members in the new company.

A general invitation has been sent out to the orders of Alameda and San Francisco counties and it is expected that a large gathering will be present.

A NIGHT WITH ROBBIE BURNS.

The one hundred and forty-sixth anniversary of Scotland's national bard was celebrated by the Clan Macdonald and St. Andrew's Societies in the form of a concert held in the Unitarian Church last evening.

The church was crowded with Burns

enthusiasts and every place rendered was

applauded. The vocalists were Gavin Spence of Edinburgh and Miss Flora F. Donaldson. The Clan Macdonald Choir also assisted in the entertainment and acquitted itself

very creditably under the leadership of

James Rattray. The Savannah Morning News prints an editorial with the caption "How to Grow Old." Editing a newspaper is the quickest way.—Atlanta Journal.

NEWS FROM BERKELEY AND THE STATE UNIVERSITY

EXPLOSION THROWS A
SHOWER OF ACID.

M. Vaygouny, a Demonstrator in Chemistry at the State University is Severely Injured.

BERKELEY, January 26.—Through an explosion of nitrogen iodide, M. Vaygouny, Dr. Morgan's assistant in the chemistry laboratory of the University of California, was severely injured. Vaygouny was preparing the mixture for the purpose of demonstrating its explosive qualities when suddenly the combination of chemicals detonated, throwing a shower of broken glass and acid into the eyes of the young teacher.

While the injuries are not dangerous, they will prevent Vaygouny from working in the laboratory for some time. Just prior to the explosion Vaygouny

had warned the class that the explosion would eventually occur but the strength of the materials was underestimated as was the time that the detonation was scheduled to take place. Considerable consternation occurred among the students after the explosion but quiet was soon restored in the class room after a number of colleagues had rushed to the aid of their teacher.

A physician who was called soon found that Vaygouny's eyesight had not been injured and he was quickly taken to his apartments where he is now recovering from the effects of his unpleasant experience.

The patrons and patronesses are: President and Mrs. Wheeler, Colonel and Mrs. Edwards, Professor and Mrs. Bradley, Professor and Mrs. Soule, Professor and Mrs. Schilling, Professor and Mrs. Wells. The music will be furnished by Yank's orchestra and the committee in charge of the reception of the guests is composed of Miss Alice Graham, Miss Sara Webb, Miss Grace Foulds, Miss Marion Leals, Miss May Givens, Miss Doris Whitton, Miss Martha Rice, Miss Milton Scott, Miss J. E. Roadhouse, Max Taelen, Anthony Meany, Arthur Price and Dewitt Bishpe. The refreshments will be in charge of Miss Sara McLean.

BERKELEY TRUSTEES MEET.
TRUSTEES PUZZLE
OVER TAX.

BERKELEY, January 26.—Just what should be charged for the license proposed to be issued to inspected dairies was a question that perplexed the Town Board of Trustees for a considerable period last night. Town Assessor Hayne, who had drawn up the new ordinance held that a fee of some amount should be levied and suggested that it be \$2 a quarter year.

This brought forth a protest from Trustees who declared that his suggestion was to have a milk truck but one cow would stand for such an exorbitant tax. Several proposals were suggested and it was finally thought that ten cents per quarter would be about right. This even this amount could be directed into the proposed question was finally left to the Finance Committee for settlement.

COLLEGE TOWN COWS.
The following of cows at the corner of Addison and Grove streets brought forth a strenuous protest from the residents living in that vicinity. It was quickly ordered that the cows be kept in an unsightly condition. It was finally decided to have an ordinance framed which will put an end to the nuisance.

STREET WORK ORDERED.
Upon the recommendation of the street committee, the following work was ordered to be done:

That Lincoln street be opened and extended from Addison street to Grand street; that Alameda street be opened and extended from San Pablo avenue to Byron street; also from California to Sacramento street; that Fremont street be graded, curbed and macadamized; that Franklin street be graded, curbed, guttered, macadamized and sewered from West street to San Pablo avenue; that Euclid street be widened from Vine street northward to a width of fifty feet.

A protest against the grading, curbing and macadamizing of Ward street from the northward line of Alameda street to the eastern line of Calais street was referred to the Town Engineer.

An ordinance was ordered upon the request of C. R. Shaw, calling for the laying of a cement sidewalk on Essex street.

A new warrant for \$18.50 was ordered to be drawn in favor of who lost the original warrant in a fire.

LIVELY ROW OVER
A FENCE.

BERKELEY, Jan. 26.—The controversy over the advertising fence erected about the building site at the southwest corner of Shattuck avenue and Center street broke out afresh at the meeting of the Town Board of Trustees last night and before the incident was settled there was a lively tilt between Trustees Forner and Staats. The latter demanded that the fence be either removed or cut down to six feet in height while the former member of the Board declared that Staats was standing in the way of public improvement. The row was finally settled by a vote of four to two by which it was decided to allow the fence to remain as at present. As a parting shot Staats declared that a debate at which the students who will represent the institution will be chosen on the fence, claiming that it is being placed there contrary to law.

FIRE CHIEF'S REQUEST.
A communication from Fire Chief James Kennedy asking that he be allowed to receive \$2500 in improvements on the North Berkeley Fire Company's hose wagon and that he be allowed to remodel the Marston Hose Company wagon was referred to the Fire and Water Committee.

TO MAKE ANTI-TOXIN.
CHICAGO, January 26.—The City Council has passed an order for an inquiry into the possibility of establishing the municipal plant for the manufacture of anti-toxin. The resolution states that an increase of over 100 per cent has been made in the cost of anti-toxin and that the danger to the lives of children may result.

MAY SEND STUDENT ORATOR
TO WORLD'S FAIR.

State University Debaters Are Interested in a Proposal That Has Been Tendered Them.

BERKELEY, January 26.—The debaters of the University of California are interested in a national oratorical contest for students of all State Universities to be held at the St. Louis Exposition on the 22d of June, 1904. Already there is talk of organizing a debate at which the students who will represent the institution will be chosen.

As planned by those who will conduct the debate at the Fair, each institution will hold a local contest covering its leading orators participating. The student who wins at his home college will represent his State in the section of several States to which he belongs. The man winning at this contest will be sent to the World's Fair to represent his section. One may thus represent the New England States, another may the Middle Atlantic States, another may the

States of the Middle West, and so on. The judges will be selected from among the most distinguished and representative men in America. Judgment will be rendered as to thought, composition and delivery, a separate set of judges being arranged for each of the three points of competition. The plan calls for the sending of copies of such essays to the judges on or before the date of the contest, so that the eminent authorities may read the productions carefully and make their judgments as to delivery will be present at the contest and it will be immediately after the close of the concluding oration and tender their decisions. A general average will then be struck between the markings of the three sets of judges and the man receiving the highest marking will be adjudged the winner.

Carnegie, \$10; L. Lee, \$10; Hutchinson Company, \$50; West Berkeley Lumber Company, \$100.10.

Electric Light Bond Redemption Fund—A. C. Lord, Treasurer, \$1,725; School Bond 1892 Redemption Fund—C. R. Lord, Treasurer, \$2,675; School Bond 1901 Redemption Fund—A. C. R. Lord, Treasurer, \$495.

TO TRY FISHER CASE BY NIGHT.

BERKELEY, January 26.—At the request of twelve jurors who do not wish to have their time in the day broken into, Justice of the Peace Edgar has decided to hold the trial of Sam Fisher, the West Berkeley school teacher, charged with disturbing the peace of E. E. Newton during the progress of a rummage sale, at night. The first evening session will convene this evening at seven o'clock at the Town Hall when the examination of witnesses will begin.

It is expected that the case will consume a number of hours as Fisher has sixty-eight witnesses alone. Most

of these it is said will give testimony as to his character. The belief is entertained that the trial, by coming at night, will attract a large crowd of spectators.

HIGH HONOR GIVEN
PROFESSOR DAVIDSON.

BERKELEY, January 26.—Professor George Davidson of the State University has received a letter from Simon Newcomb, chairman of the Organizing Committee of the St. Louis Exposition, offering him the chairmanship of the geological department.

The high honor has been declined by Professor Davidson on account of his University duties.

RECEIVING BIDS FOR
NEW POWER PLANT.

BERKELEY, January 26.—John Galen Howard, the supervising architect of the State University, is now receiving bids for the new power plant to be erected on the campus. The plant will be 80 by 50 feet in dimensions and will be constructed of brick with a tile roof. Concrete floors will be placed in the building and the engines will have concrete foundations.

ENTERTAIN THEIR
FRIENDS.

MRS. BATTS OF ELMHURST RECEIVES ON HER BIRTHDAY.

ELMHURST, January 26.—Mr. and Mrs. L. N. Batts entertained their friends Saturday evening. The gathering was in honor of Mrs. Batts' birthday. There were about twenty couples present. Dancing and singing afforded amusement for the young people and at midnight light refreshments were served. The hostess was assisted by her daughter, who they enjoyed the evening and were sorry that the time to go was at hand.

CIRCUS IN TOWN.
The heart of every child in Elmhurst is running over with joy. The cause of the elated feelings is due to the fact that the town will have its first circus next Sunday afternoon. The big tent show belonging to the Bernard Brothers has been wintering here and is going to give the people a show of the season at their headquarters.

A NEW HOME.
A Lund commenced work on his new home yesterday. The house, when completed, will be one of the most attractive in Elmhurst.

PERSONALS.
Miss Con. Clinton and George Clinton were visiting friends here Sunday.

The Clintons at one time lived in Elmhurst.

Mrs. M. E. Kane was a visitor in town Saturday.

Miss May Brown of the Moss Tract was married recently in San Francisco to Otto Richard. The young couple are spending their honeymoon at Mountain Ranch. They will make their home in Oakland on their return.

BREAKING GROUND
FOR BUILDING.

LARGE BUSINESS BLOCK TO BE BUILT AT EMERYVILLE.

EMERYVILLE, January 26.—Ground is being broken on the lot on San Pablo avenue adjoining the new P. B. Smith building for the new building which C. T. Mayburn, the town treasurer, proposes to erect. It is to be quite a substantial affair and the entire first floor will be devoted to stores, while the upper stories will be fitted up as apartment rooms, which are very much needed here.

It is understood that the building is to be a three-story affair. This will mean two floors for apartments and will fill a long felt want. For many months past it has been a difficult matter to secure a place to rent or secure apartments. It is beginning to be realized that that portion of Emeryville on San Pablo avenue between Fourth street and Park avenue is destined to become quite a business center and there are many that predict that the avenue will be lined with mercantile houses on both sides within a year. Their prediction stands in good chance of being realized with the advent of the Santa Fe and its terminus within a few feet of the corner of Fourth street and San Pablo avenue.

TEMPORARY TRACKS.
The Santa Fe Company has its construction crews at work laying temporary tracks on either side of the new freight sheds and the depot for the purpose of facilitating the work of filling and raising the surface of the ground.

The tracks are only temporary and persons using the car tracks should be careful of running the car tracks, loaded with earth rock and gravel to the point where it is to be used.

MORE STABLE ROOM.
Carpenters have commenced work on new stable at the race track. Last week considerable more stable room was built near the half mile pole. These were employed and the carpenters are at work as soon as they are finished with the work occupied by horses that are now quartered at the track.

REMODELING OFFICE.
The new real estate firm of Hill & Black are having their office remodelled and painted, making quite an improvement.

BOETTIGER SIGNS WITH OAKLAND NINE.

BERKELEY, January 26.—Richard Boettiger, a graduate of the Berkeley High School has signed for the position of catcher on the Oakland baseball nine during the coming season. He will start training at Hanford, with the other members of the team on March 1.

Boettiger caught for three seasons on the Berkeley High School team before taking up the coming season. He then played with the All-California team on its northern tour and last season caught for Seattle.

TRACKS WERE IN
BAD SHAPE.

TRANSIT COMPANY IS RE-LAYING LINE THROUGH SAN LEANDRO.

SAN LEANDRO, January 26.—Owing to the very bad condition that the street car track was in on Hayward avenue the whole track is being relaid. The rails have been down for years and the way running in the town, added to the way from the cars has cracked the track so that it is necessary to relaid it in the town limits.

The ends of the rails are very badly bent and cause a hazard when the cars pass over them. This fault will be overcome by placing blocks of hard wood under the ends of the rails. There will also be a great deal of crushed rock tamped under the tracks which will add to the firmness of the road-bed.

TO INSTAL COMPANY.
Wednesday night the Oakland Bank, Knights of Pythias, will muster in a company of forty members. The lodge has had the quarters for about two weeks, but owing to various circumstances the company has not been mustered in.

MORE NEW WALKS.
With the street car track torn up and the great number of cement sidewalks being laid the town looks like a spring board. The new black and white paving is being laid on the new sidewalks.

PASSES CLUB RECEIVES A
REPLY.

HAYWARDS FOR GOLDEN GATE.

HAYWARD, January 26.—Tonight the Ladies' Improvement Society will hold a regular meeting of the club. There are many energetic workers in the organization and there is no reason why Hayward will not be benefited by their efforts.

The principal business before the club at present is an answer. In the form of a blank to be filled out, from Andrew Carnegie for assistance in establishing a Carnegie library at Hayward. A year ago Mrs. T. W. Whitely, president of the club, addressed a communication to Mr. Carnegie, but received no answer from his secretary, James B. Hutton, stating that the matter would have to be laid aside until his return. Having waited a reasonable length of time the president of the club again wrote and in reply received, yesterday, the blank to be filled out.

The club will confer with the board of library trustees of Hayward about the matter.

George A. Cakes, editor of the Hayward Journal and chairman of the library trustees, is very enthusiastic over the prospect of a new library. In speaking of the matter yesterday he said, "The idea of having a library in Hayward is a very reasonable length of time the president of the club again wrote and in reply received, yesterday, the blank to be filled out."

When asked if he thought there was any probability of not meeting with the requirements exacted by the giver he said:

"There is not a doubt in my mind but what we shall be able to satisfy Mr. Carnegie as to our end of the undertaking."

FUNERAL OF MRS. M. BROWN.
Mrs. M. Brown, of Castro Valley, was buried in Oakland yesterday. Many friends of the dead woman accompanied the remains to its last resting place. She leaves a family of four children to mourn her loss.

CARNegie SENDS BLANK TO
HAYWARDS FOR
LIBRARY.

HAYWARD, January 26.—Tonight the Ladies' Improvement Society will hold a regular meeting of the club. There are many energetic workers in the organization and there is no reason why Hayward will not be benefited by their efforts.

The principal business before the club at present is an answer. In the form of a blank to be filled out, from Andrew Carnegie for assistance in establishing a Carnegie library at Hayward. A year ago Mrs. T. W. Whitely, president of the club, addressed a communication to Mr. Carnegie, but received no answer from his secretary, James B. Hutton, stating that the matter would have to be laid aside until his return. Having waited a reasonable length of time the president of the club again wrote and in reply received, yesterday, the blank to be filled out.

The club will confer with the board of library trustees of Hayward about the matter.

George A. Cakes, editor of the Hayward Journal and chairman of the library trustees, is very enthusiastic over the prospect of a new library. In speaking of the matter yesterday he said, "The idea of having a library in Hayward is a very reasonable length of time the president of the club again wrote and in reply received, yesterday, the blank to be filled out."

When asked if he thought there was any probability of not meeting with the requirements exacted by the giver he said:

"There is not a doubt in my mind but what we shall be able to satisfy Mr. Carnegie as to our end of the undertaking."

THEY DID A STUNT
OF THEIR OWN

UNIVERSITY ASSISTANTS ARE CALLED TO TIME BY PROFESSOR E. W. HILGARD.

BERKELEY, January 26.—Perhaps the most unique requirement ever given officially at the University of California has fallen to the lot of J. H. Hunter and W. T. Volk, two well-known assistants in the College of Agriculture. It was by overstepping one of the red-taped rules of the "Cow College" that the young scientists incurred the wrath of Professor Eugene W. Hilgard, the head of the agricultural department.

A short time ago, Hunter, who is engaged in the study of birds to determine those which injure and those which aid farming industries, and Volk, who is a promoter of insecticide work, conceived the idea of partitioning off a room in the garage of the agricultural building. They accordingly gathered together a quantity of hurler, boards and other requisites and soon had a model little room needed in which to conduct their investigations.

Going a little further the men overstepped another of the University building traditions by running a long rubber hose from the gas jet through a hole in the wall under the partition of the partition. The two independent young scientists had just settled down to work before the cherry glow of a gas flare when they were rudely summoned before the august presence of Professor Hilgard who demanded a glass partition be put up, so that the light of the students might not be shut off and demanded that the rubber hose be replaced with a permanent iron pipe. The red-taped "call-down" was graciously received by the persistent young agriculturists who are now laboring industriously in their new domicile for the benefit of the farmers of the State.

The chances are about a hundred to one that there will be fly specks on Leonard Wood's latest performance when all the facts are known.—Memphis Commercial-Appeal.

KEEP A SHARP
LOOKOUT.

FRUITVALE PEOPLE TRYING TO INTERCEPT GOLD BURGLARS.

FRUITVALE, January 26.—During Sunday evening two hard looking cases were seen around the business part of town. Owing to the many burglaries that have been committed it was thought best to notify Constable Town Carroll. By the time the Constable arrived on the scene of action the two men, who were not to be found. On examination it was found that the suspects had tried to make an entrance to the postoffice.

Since the last time the West Berkeley school teacher, charged with disturbing the peace of E. E. Newton during the progress of a rummage sale, at night. The first evening session will convene this evening at seven o'clock at the Town Hall when the examination of witnesses will begin.

It is expected that the case will consume a number of hours as Fisher has sixty-eight witnesses alone. Most

If a healthy woman were suddenly reduced to this terrible condition she would be driven to desperation and she would be willing to take even the smallest chance of securing relief. But female diseases advance so gradually it is hard for a woman to realize just how serious is her condition. Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids to-day. Do not let yourself come to the pitiable condition Mrs. Nelson describes. Secure a bottle of Wine of Cardui from your druggist to-day and begin the treatment immediately.
